

Established in 1989, Civil Technology, Inc. (CTI) is recognized as one of Denver's small business leaders. The firm provides comprehensive construction project and program management services and has a distinguished record in its partnering role in the delivery of complex projects. CTI is a certified SBE, M/WBE with the City and County of Denver, DBE (State of Colorado), and ESB (CDOT).

Our staff of trained professionals are experienced in all stages of construction from pre-design services through post-construction closeout. The critical importance of schedule compliance, cost control, and quality assurance is accomplished with rigorous planning, efficient management, and effective communication with clients.
